Attn Wade Loo

RE: Application for material license.

In response to our telephone conversation, the three items you needed more information on are listed below.

1) We request the use of material permit to be used on temporary job sites.

2) The model number of the gauge to be used is a Troxler 4640.

3) Charles Russell will be our RSO person. He has not taken the training coarse yet, but will do so as warranted once our license has been approved.

If you have any questions or concerns on this matter please feel free to call me.

Sincerely
Double J Paving, Inc.

Warren Jackson
