

DL-011497-05

January 14, 1997

Mr Dave Collins
U. S. Nuclear Regulatory Commission
Region II
Nuclear Materials Safety Section
101 Marietta St., Suite 2900
Atlanta, Georgia 30323

Dear Sir:

Please be advised that Eastern Associated Coal Corp. is hereby requesting an amendment to NRC License 47-25103-01 and 47-24809-01, which will be combined into one central license (47-24809-01) with the following changes:

- Item 1 Eastern Associated Coal Corp
Environmental Engineering Dept.

- Item 2 P.O. Box 1233
800 Laidley Tower
Charleston WV 25324

The remaining items will be as per the attached. In addition please delete the Troxler gauge and the authorization for temporary job site use. The unit was disposed of by Troxler in accordance with current license provisions.

The principle Radiation Safety Officer (RSO) for the NRC License 47 24809-01 will be Joe Benedict, in addition the lead plant foreman at each site will be the alternate RSO.

The records for these unit devices will be maintained at Chelyan, WV approx. 1.5 miles from I-77/RT. 61, Slaughter Creek road.

207349

All required lead tests are up to date and there is no residual contamination of the facility from the licensed materials.

All commitments in both licenses will be acknowledged and will continue to remain enforce as stated in the license. Upon issuance of this amendment we are requesting the termination of NRC License 47-25103-01.

Enclosed with this request is a check for \$300.00 (Check No. 464559), which will cover the amendment fee.

If there are any questions, please call me at (304) 595-1053.

Respectfully submitted,

Joseph G. Beredict
