RE: Cancellation of NRC License # 45-21217-02
Docket or Reference # 030-33115 (Supersedes 45-21217-01)

Dear Sir,

As of 5:00 P.M. E.S.T., Rea Construction Company will be owned by Henry S. Branscomb Corp. in Virginia. At that time, we respectfully request that you terminate the above referenced license with Rea Construction Company as of 5:00 P.M., this date.

The three sealed source gauges of the license will remain the property of Rea Construction Co. and transferred to our North and South Carolina Operations and placed under appropriate license(s) with those States.

Henry Branscomb Corp. has an NRC License on file and will inherit the storage area, but not the gauges.

Please forward all future correspondence to our Radiation Safety Officer, Jim Smith at the address below:
