License No. 45-15923-01
Expiration Date: November 30, 2000

Dear Ms. Heim:

On Monday of this week, 2-3-97, we received amendment no. 29 for the U.S. Geological material license. There are several items on this amendment that I would like to correct and/or modify to be in agreement with our inventory, a letter to Mr. Wright (of Sept. 10, 1996 from Greg Wandless, and subsequent conversations between Mr. Wright and Mr. Wandless.

Item 6X of amendment no. 28 must be included on the new amendment. There are sealed sources, but not custom made.

suggested addition

- F. Americium 241
- F. Sealed Sources
- F. 70 sources, not to exceed 40 millicuries (1.48 GBq)total

Item 12 (authorized users)

- B. Nancy D. Naeser for materials listed in subitem 6C - she does not work with 6B.
- D. Michael J. Kunk recently moved to Denver, Colorado and should be removed from the Reston, VA license
- G. John F. Sutter is no longer working with radioactive material and should be removed from the license (see letter of Sept. 10, 1996)

Sincerely,

Charles W. Naeser
Radiation Safety Officer
