RE: LICENSE NO. 47-24962-01

Dear Ms. Messier:

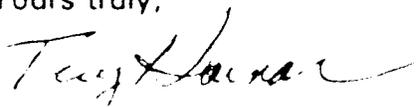

Our firm held the license number referenced above for a single Troxler Nuclear Density Gauge Model 3400. We sold our gauge in January, 1997. Subsequently, we applied for, and received a license termination agreement from the NRC dated February 20, 1997. A copy is attached for your records.

In January, 1997, we paid the annual licensing fee of \$1,600.00 in accordance with the attached invoice number AM1165-97. It is my understanding that we can request, and are entitled to a 50% refund (\$800.00) of this fee if we apply for it with the proper documentation by March 31, 1997.

The purpose of this correspondence is to provide you with the necessary documentation and to request the \$800.00 refund. Please notify me immediately if you require additional information or documentation before the refund can be made.

Thank-you for your attention to this matter.

Yours truly,

Trey Hornor, P.E.
