Chuck,

I am writing a letter to the subject licensee and wanted to let you know that in reviewing all the backup, I found that you had e-mailed Linda Mitchell on 12/11/95 that she may want to hold up the ORDER (which was being done for non-payment of the FY 1994 annual fee) until RII could get us a current address and find out if the company has declared bankruptcy. You also indicated an inspector would be going out the week of 12/18 to find out the disposition of the source. However, in looking at the inspection report, dated 12/26/95 for the December 20, 1995, inspection, I note that it is addressed to 1832 Hill Drive, Fincastle, VA 24090, which is different from the license address. The inspection report (from Nudocs) only indicates that no violations were observed and verified steps taken to correct violations identified in a prior inspection.

I am faxing you a copy of an undated note we received from Mr. Crocker in response to the FY 1995 annual fee invoice. This is the letter I am responding to. Just wanted to give you this information, especially in light of the address discrepancies and information about the company being dissolved, which is not reflected in the inspection report. I will send you a copy of our letter when it is signed (by Taylor). We are telling him the fees are due, and that if he wants to apply for termination or storage only he may contact Regin II for information on what is needed to do this. We are not issuing the ORDER at this time.

Glenda Jackson
