RE: License Number 45-24967-01

Subject: Change of Radiation Safety Officer

Dear Sirs:

My husband, Ronald R. Dunn, has been the RSO for TRI STATE ASSOC., recently he became ill and has since passed away.

I spoke with your office to advise you of this situation. I also spoke to Ritta Misser regarding the fee for an addendum to my license for a new RSO. I am enclosing the fee of \$690.00 for this change. Also enclosed is a copy of the resume of our new RSO Mr. John Davis. I feel that Mr. Davis will be an asset for our company.

If you should have any questions, or need any additional information, please don't hesitate to contact our office.

Sincerely,

TRI STATE ASSOCIATES, INC.

JoAnn Dunn

SUMMARY

Health Physics Professional with over thirty years experience in Applied Health Physics, Environmental Monitoring, Decontamination/Decommissioning, Training, and Emergency Planning.

EDUCATION

George Washington University, BA 1968
Rutgers University, MS Health Physics 1970
Various Professional and Technical Courses 1955 to present

PROFESSIONAL AFFILIATIONS

Health Physics Society-Plenary Member 1962
Virginia Health Physics Society 1977, Past President
Wash/Balt Health Physics Society 1974

TECHNICAL CAPABILITIES

Radiation Safety

- Provide management consulting for by-product material licensees in areas of licensing and regulatory compliance, program development, procedure development, ALARA program development, bioassay and radioactive waste program development.

Training

- Developed and managed a health physics training program for a utility client.
- Provided general worker training in radiation safety.
- Provided basic math and science training for nuclear plant operators, x-ray safety training and shielding design for Radiation Safety Officers.
- Developed and taught a two week technician training course at Argonne Laboratory.

Radiation Safety Officer/Radiation Protection Manager

- Radiation Protection Manager for two small U.S. Army nuclear power plants, large radium disposal project, proposed civilian nuclear power plant.
- Radiation Safety Officer on NRC By-Product Material license for U.S. Army.

Project Management

- Provided project management for studies at Atomic Industrial Forum.
- Managed the bioassay program, respirator fit testing, and sample analysis for the Three Mile Island nuclear accident site.

Environmental Monitoring

- Developed a Radon Monitoring lab.
- As a contractor managed the monitoring program for DU at a U.S. Army DU munitions firing range.
- As a contractor to U.S. Army managed monitoring program for mothballed nuclear plants.

256384

Decontamination/Decommissioning

- Extensive experience in building and area decontamination
- Assisted in the dismantling of small PWR.
- Prior industry task force chairman for study on decommissioning of commercial nuclear power plants.
- Performed the site characterization and managed the decontamination of industrial waste disposal sites.

Quality Assurance

- Provided QA services for an EPA super fund site cleanup project.
- Audited services in the areas of radiation protection and cleanup verification.
- Wrote the QA manual for a film badge processor.

Emergency Planning

- Provided program development, procedure development, scenario development, audits/evaluations, training for utility clients.

Program Auditing

- Provided comprehensive audit of radiation protection program for large research laboratory, and for government contractor manufacturing depleted Uranium penetrators for the U.S. Army.
- Perform health physics audits for several hospitals and nuclear medicine clinics.
- Monitored QA for several health care facilities engaged in mammography.

WORK HISTORY

1/82 to Present - *Consultant* in radiation protection.

8/77 to 1/82 - **Radiation Management Corporation**
3570 Market St. Philadelphia, PA
Washington District Manager

9/74 to 8/77 - **Potomac Electric Power Company**
1900 Pennsylvania Ave. Washington, DC
Radiation Protection Manager
Nuclear Fuels Manager
On Loan to **Atomic Industrial Forum**

1/59 to 9/74 - **U.S. Army Engineer Power Group**
Ft. Belvoir, VA
Senior Instructor Academic Training Department
Radiation Protection Manager Nuclear Power Barge Sturgis
Senior Instructor Health Physics Training Section
Senior Health Physicist PM-2A dismantling project
Instructor Health Physics Training Section.
Radiation Protection Manager PM-2A PWR plant
Health Physics Technician SL-1 BWR plant

9/54 to 1/59
Various electronic technician jobs in the **U.S. Army**.

HONORS AND AWARDS

Certified Health Physicist 1971
Atomic Energy Commission Fellowship 1969
