Atlanta, GA 30323

Attention: Ms. Sandra L. Waldron

Subject: Renewal of License 45-11589-02 / Control Number 252454

Dear Ms. Waldron:

As discussed in the conversation on April 19, 1990, the Manager of the Newport News Shipbuilding Radiological Control Department will be notified immediately in the event of a radiological emergency. He has on his staff personnel qualified to Article 108 of Navships 389-0288 who will provide immediate assistance and radiological control supervision to support Newport News Industrial Corporation during the implementation of our emergency procedures.

I trust the above reply addresses your comment and provides the necessary information to complete the subject license renewal application. If not, please call Mr. T. E. Bond (804) 380-3013 or Mr. B. T. Watson at (804) 380-4740.

Yours truly,

T. E. Bond
Radiation Safety Officer
