Dear Mr. Lesser:

Please find enclosed completed NRC Form 314 with the request for discontinuation of my License No. 47-24832-01. A radiation survey was conducted to confirm the absence of any contamination in the premises. There was only background activity in all the areas that were surveyed. This survey result is also enclosed. Also the NRC Form that describes the name and address of the Meritus PLS, Inc. to whom I have transferred the calibration sources is enclosed.

Mike Fuller was kind enough to fax me the Letter of Extension of my license of March 1, 1996. Unfortunately I have not received this letter before. Thus it also resolved the confusion on expiration date of the above license. The Meritus PLS to whom I have transferred the calibration sources also sent me a copy of their license, 4525194-01 for my records. It was advised by Mr. Fuller

I thank you for your assistance in this matter

V. Sahadevan
Yours sincerely,

V. Sahadevan, M.D., Ph.D.
