SUBJECT: TERMINATION OF LICENSE NO. 47-24832-01 (REFERENCE: CONTROL
NO. 257712; DOCKET NO. 030 29092)

Dear Dr. Sahadevan:

In response to your request dated April 23, 1998, and the letter dated April 16, 1998, enclosed is the termination of your NRC materials license. The April 16, 1998 letter contained a statement that no research materials had been used in the Cancer Center premises. Based upon those statements, we do not believe that a closeout survey for removable contamination is necessary.

If there are any questions, please notify this office (ATTN: Ms. Diane Heim at (404) 562-4723) so that we may supply appropriate corrections and answers.

Sincerely,

David J. Collins, Health Physicist
