SUBJECT: Amendment to NRC License 45-10542-02

Mr. Wright:

Please reference our NRC License No. 45-10542-02, Amendment No 3 and NRC letter dated April 27, 1995. On April 6, 1995, we requested an addition to our NRC License in regards to 10 CFR Part 35 due to the beginning of activities by an Authorized User, Dr. Anita Joy Hilliard. In your letter dated April 27, David Collins stated that "We will add Dr. Hilliard to your license at the time of your next amendment." Amendment No 3, change of RSO and Teletherapy Physicist, was received August 1, 1995 without the addition of Dr. Hilliard. Please correct this amendment and send us an updated copy of our license. Thank you.

Sincerely,

Attached: ltr April 27
