Re: NRC Licensee: Meritus Health Systems, Inc. License No. 45-25194-01

Dear Mr. Collins:

We are writing to inform the NRC that Meritus Health Systems, Inc. will be merged into a sister company, **Meritus PLS, Inc.** It is anticipated that the merger will become effective on or about September 13, 1996.

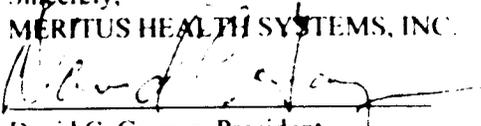

The Meritus companies are wholly-owned by Medical Diagnostics, Inc., which is undertaking the consolidation to achieve administrative efficiencies.

Please be advised that the address of the licensee, and the management, facilities, equipment, procedures, and staff will be unaffected by the merger. Agency contacts, phone numbers and the like will remain the same. All dose and facility records will continue to be maintained as required.

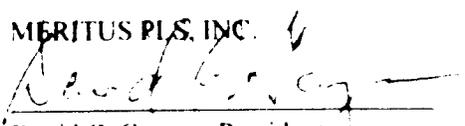

Should you have any questions relative to the merger, please contact Ruselle W. Robinson, General Counsel of Medical Diagnostics, Inc. Mr. Robinson's address is Medical Diagnostics, Inc., 46 Jonspin Road, Wilmington, MA 01887. His phone number is 508-658-5357. Since no changes in the licensed operation will occur as a result of the merger, we await notification from the NRC that the agency has no objection to the consolidation. The notice should be sent directly to Mr. Robinson.

We thank you in advance for your attention to this matter.

Sincerely,
MERITUS HEALTH SYSTEMS, INC.

David C. Gaynor, President
