Date: December 1, 1997

Subject: Changes Needed on U.S.N.R.C. Materials License

Mr. Collins:

As of December 1, 1997 Genicom Corporation has Sold its relay division to Communication Instruments Inc.--Waynesboro Operation. CII--Waynesboro Operation will be operating out of the same building site with the same work force. I have enclosed a copy of our present license marked up to show changes in Sections, 1, 2, 12, 13. Changes in Section 12 and 13 are due to employees leaving the company or retiring.

Mr. Collins, I could not find anywhere in the information that I have what the Cost of this would be. If you could send me that information along with any forms I need, I will get this right out to you. Any Questions and or Problems please call me at 1-540-949-1912. I appreciate your help in this matter.

Sincerely,

*Wayne H. Wymer*  
Supervisor Q.A. / RSO

MATERIALS LICENSE

Amendment No. 18

Pursuant to the Atomic Energy Act of 1954, as amended, the Energy Reorganization Act of 1974 (Public Law 93-438), and Title 10, Code of Federal Regulations, Chapter I, Parts 30, 31, 32, 33, 34, 35, 36, 39, 40, and 70, and in reliance on statements and representations heretofore made by the licensee, a license is hereby issued authorizing the licensee to receive, acquire, possess, and transfer byproduct, source, and special nuclear material designated below; to use such material for the purpose(s) and at the place(s) designated below; to deliver or transfer such material to persons authorized to receive it in accordance with the regulations of the applicable Part(s). This license shall be deemed to contain the conditions specified in Section 183 of the Atomic Energy Act of 1954, as amended, and is subject to all applicable rules, regulations, and orders of the Nuclear Regulatory Commission now or hereafter in effect and to any conditions specified below.
